- C)** If both ships are to blame and where the liability of either or both of the ships in collision becomes subject to limitation by law, claims shall be settled upon the principle of "single liability", which provides for recovery of the balance being a result of set-off of mutual claims after application of limitation of liability by law. In all other cases claims shall be settled upon the principle of "cross-liabilities", where under the owner of each ship shall pay the owner of the other ship such proportion of the latter's damages as may have been properly allowed in ascertaining the extent of blame of each ship in the collision, without applying a set-off of amounts claimed.

- D) There will be no recovery from the club insofar as such collision liabilities are not recoverable under the Hull policies by reason of any breach of such policies.

- E) Both to blame collision clause: if the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the Master, Mariner, Pilot or the servants of the carrier in the navigation or in the management of the vessel, the owners of the cargo carried hereunder will indemnify the carrier against all loss or liability to the other non-carrying ship or her owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other or non-carrying ship or her owners to the owners of said cargo and set-off, recouped or recovered by the other or non-carrying ship or her owners as part of their claim against the carrying vessel or carrier. The foregoing provisions shall also apply where the owners, operates or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect of a collision or contract.

Rule 15 Shipwreck and seamen employment

Liability to compensate seamen for the loss of their employment caused in consequence of the actual or constructive total loss of the Insured ship. This cover shall be provided to the Insured where the Insured's liability to compensate seamen arises:

- a) Under the terms of a collective crew agreement or contract of service or employment entered into between the Insured and seamen of the Insured ship and approved by the Insurer;

- b) By operation of law.

- 16.2** Costs or expenses relating to the raising, removal or destruction of any property and cargo being carried or having been carried on the Insured ship, not being oil or oil products or any other contaminating substances within the scope of Rule 18, when such raising, removal or destruction is compulsory by law or where and when applicable by enforcement of the Nairobi International Convention on the Removal of Wrecks, 2007, or the costs borne by third parties are legally recoverable from the Insured, but only if and to the extent that:

Provided always that:

- a)** The Insured ship became wreck as the result of casualty or event occurring during the validity of the contract of insurance.
- b)** Unless the Managers otherwise determines, the Insured is not entitled to be reimbursed by the Club in respect of any liability incurred more than two years after the ship, cargo or any property on board became a wreck.
- c)** In respect of the amount claimed by the Insured under the contract of insurance entered into under the terms of Rule 16, the value of all property, stores and materials saved, as well as the wreck itself, shall first be deducted from the amount claimed by the Insured and only the balance thereof, if any, shall be recoverable from the Insurer.
- d)** Nothing shall be recoverable if the Insured shall, without the consent of the Insurer in writing, have transferred the Insured's interest in the wreck prior to the raising, removal, destruction, lighting or marking of the wreck or prior to the Insured event giving rise to the liabilities, costs and expenses referred to under the terms of Rule 16.
- e)** Where the Insured's liability arises under the terms and conditions of a contract for providing services to the Insured ship, and would not have arisen but for those terms, such costs and expenses borne by the Insured are only recoverable if and to the extent that the terms of the cover have been approved by the Insurer in view of the terms and conditions of such a contract.
